What We Do

Sea Freight

We offer efficient sea freight solutions for FCL, OOG and LCL containers, utilizing a global network of trusted carriers and shipowners.

Air Freight

Our air freight services provide fast and reliable shipping options for time-sensitive cargo with experience gained from Airbus and Leonardo's selected benefit.

Road Freight

We offer reliable and flexible road transportation solutions for your cargo, with our own Trucks and Minivans and experienced drivers. Lowbed, container, semi and many more.

Customs

We carry out customs procedures with a team consisting of customs consultants and assistant customs consultants. Our primary goal is to carry out all trade transactions of the companies we serve, fully and accurately, as quickly as possible, at the least cost.

Our Services

Warehouse and Delivery

Our modern warehouses provide secure and efficient storage solutions for your cargo, with a range of value-added services available. Alden Global has proven expertise and experience in all areas of multimodal logistics, warehousing, procurement management & distribution along with a clear and true understanding of the defence and Aerospace logistics industry. Alden Global has been working in defence and aerospace logistics since our establishment in February 2013.

Project Cargo

We offer specialized logistics solutions for your unique projects, with customized planning and execution to ensure the smoothest possible transport of your goods. Also, our management team has approximately 20 years of experience in the defence and Aerospace logistics industry in the frame of these projects that in conjunction with the Turkish Army, TAI-TUSAS, FNSS, Airbus Defence and Space, Airbus Helicopter, Thales, Leonardo, Kongsberg Defence and Military Factory and Shipyard Management Inc. (ASFAT) and many more.

Our Network

Our extensive worldwide network of partners and agents ensures reliable and efficient logistics services, wherever your business takes you. We are member of WCA Network, IATA, FIATA, Globalia, AZ Freight and OLFAS sytem whic is being used for NSPA and Alden.

Safe and Sound Transport

We prioritize the safety and security of your cargo, with strict quality control measures in place to ensure that your goods arrive in the same condition they were shipped in.

Our Ability

Expertise

Our team of experienced logistics professionals have the knowledge and skills to provide customized solutions for most of your unique logistics needs.

Flexibility

We pride ourselves on being adaptable and responsive to our customers' changing needs, with a commitment to delivering reliable and efficient logistics services.

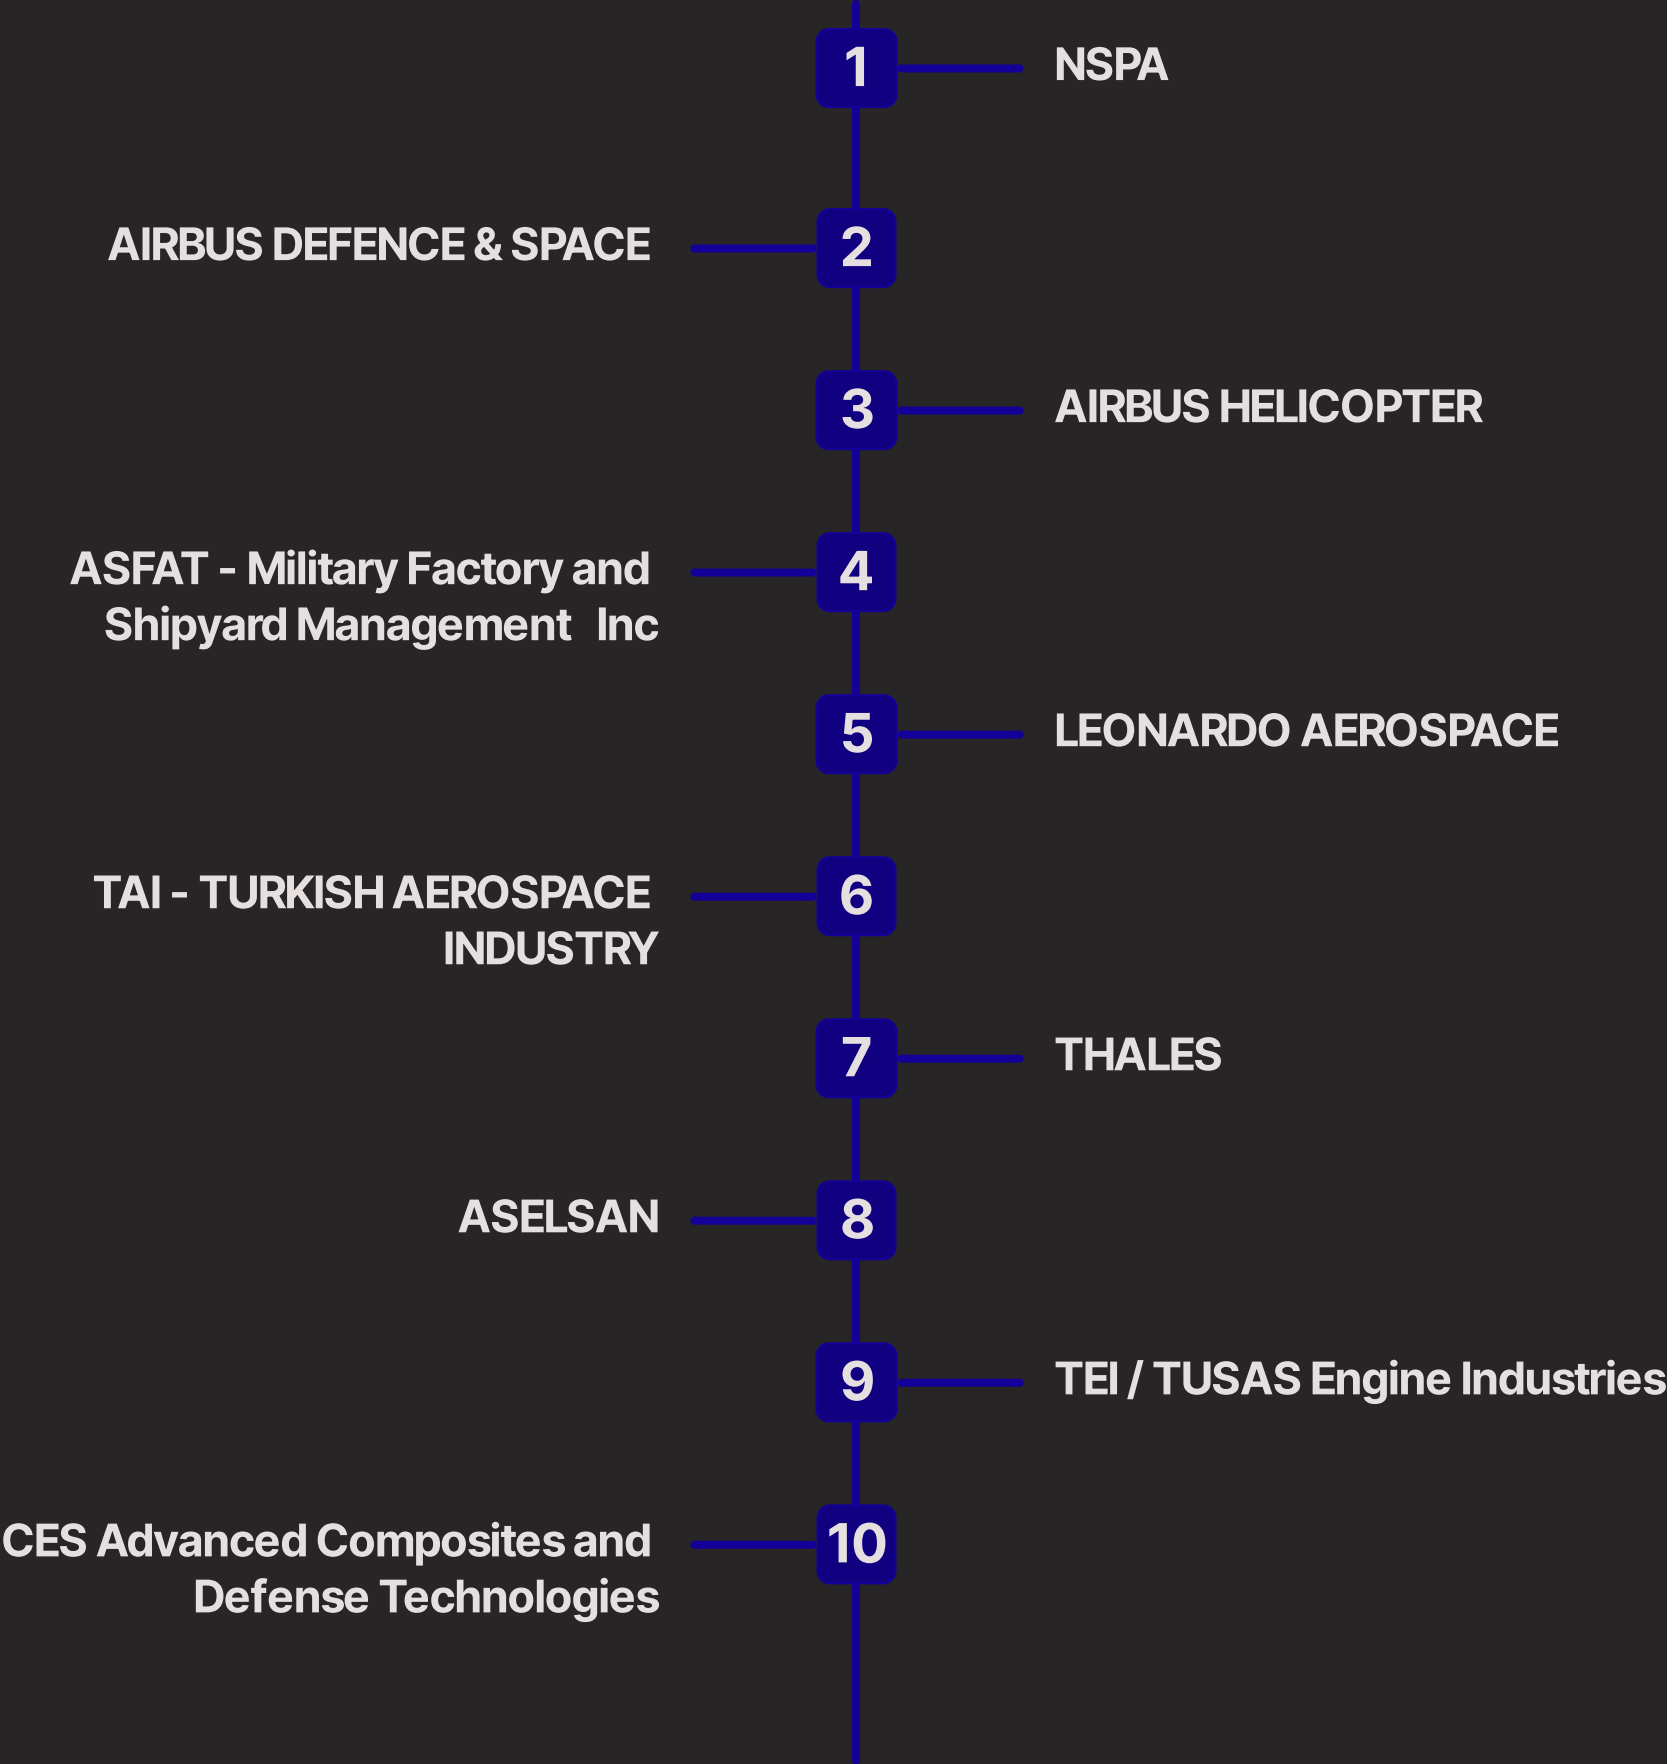

Collaboration

We work closely with our customers to develop customized logistics solutions that meet their specific requirements, with a focus on building long-term partnerships based on trust and mutual benefit.

Innovation

We are constantly exploring new technologies and processes to improve and enhance our logistics services, with a commitment to investing in the future of our company and our industry.

What Alden Participated in

1 NATO / NATO SUPPORT AND PROCUREMENT

As Turkey is an active member of NATO. Nato Support and Procurement has very frequent shipping of different goods and equipment for NATO locations and personnel in Turkey. Alden Global Logistics is the nominated logistics provider since 2019 November until present day. Lifetime maintenance is still ongoing.

2 AIRBUS CN-235

There are 60ea CN-235 Aircraft in Turkish Army. The Army always order repair and spare part via procurement division of NSPA from Airbus Military Turkey. All of the items are transported from / to Kayseri AirBase Turkey from / to Sevilla , Spain . Alden managed and handle as door to door (including exemption letter and customs clearance). Lifetime maintenance is still ongoing.

3 AIRBUS A400M

Turkey ordered 10ea A400M A/C from Management of OCCAR. Airbus DC Spain delivered 9ea A/C till now and will deliver 1ea as well. First 3ea A/C went out of the warranty period and Alden will manage ea AMASCOS transportation of spare part and repair from / to Turkey from / to Spain as door to door (including exemption letter and customs clearance). Lifetime maintenance is still ongoing.

4 Military Factory & Shipyard Management Inc.

ASFAT (Military Factory & Shipyard Management Inc.) signed a project with Pakistan Navy for PM MILGEM Corvette warships. Alden Global is the nominated logistics provider for this project as door to door. Our office handle shipping of materials by sea and air that used in PM MILGEM from İTK, Turkey to Karachi, Pakistan. Lifetime maintenance is still ongoing.

5 AIRBUS COUGAR HELICOPTER

The Turkish Army possesses one of the world's largest fleets of AS532 Cougar Helicopters with a total of 50 helicopters.. The army always orders repairs and spare parts from Airbus Military Turkey through NSPA's procurement division. These products are transported from various air bases in Turkey to Marignane in France. Alden Global is responsible for managing this complex logistics process, including everything from door-to-door transportation to exemption letters and customs procedures. Lifetime maintenance is still ongoing.

What Alden Participated in

1 **LEONARDO Aerospace**

Leonardo sold 8ea ATR72-600 Aircraft to Turkish MoD. The Army use 2ea for logistics transportation since 2015. 6ea A/C will be modified and the AMASCOS system will be integrated aircrafts in TAI Facilities. We handle items from /to Topel Base, Turkey from / to ATR Facilities Paris and Leonardo Facilities, Napoli as door to door. Lifetime maintenance is still ongoing.

2 **THALES Aerospace Division SA**

TAS Brest sold 19ea AMASCOS System to Turkish MoD. 9ea was installed on CN235 aircraft of Turkish Navy and Coast Guard which are used actively. Others will be installed by Leonardo on ATR72 aircraft in TAI Facility, Ankara Turkey. Alden Global played a role on exports and imports of parts for this project. Lifetime maintenance is still ongoing.

3 **Aselsan Underwater Security Systems (YUNUS-KONGSBERG)**

Aselsan have installed underwater security systems called YUNUS in Aksaz and Foça Seabase. During this project many goods have been handled by Alden Global and door delivered to Aksaz/Foça for projects continuation.
